

Night Diver

**Instructors: Leanne Foster OWSI #84542
Cheryl Alley OWSI #179238**

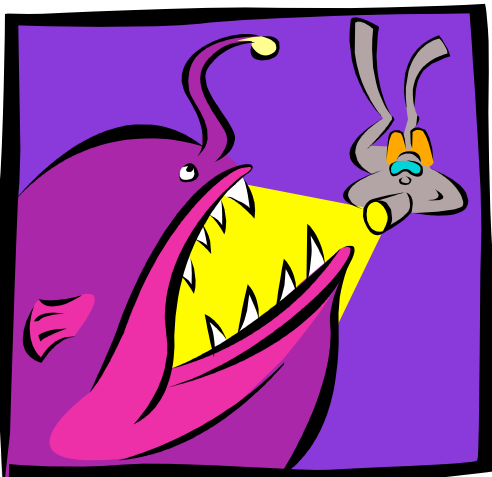

NIGHT DIVING... just has to be one of the coolest things to do under water!!!!

- Logistics of night diving...organize and conduct a dive
- See the true colors...use of lights to bring out true color
- See different critters...night critters vs day critters
- Equipment requirements...multiple lights, chem lights
- Re-visit old dive sites...a complete new experience
- Extends diving opportunities...dark? So what???

Classroom: One evening

Ocean: One Saturday two dives

Class cost: \$120 (if you are not Advanced Open Water Certified with a night dive included, then three dives are required with an additional cost of \$40 to the instructor. Also plan on boat fees off the BeachHopper2.)

Dive 1: Dusk dive...navigation...critter identification...proper buddy procedures

Dive 2: True night dive...lights out for three minutes...student led night dive
